**University of North Alabama  
October 1, 2008 through September 30, 2009**

The University of North Alabama first opened its doors as LaGrange College on January 11, 1830, in northeast Franklin County, Alabama. LaGrange College arose from the idea offered at a November 28, 1826, meeting of the Tennessee Conference of the Methodist Episcopal Church to establish a college that would not be “religious or theological.”

A year later, LaGrange opened to students of all denominations in two three-story brick buildings. Eight days after the opening, the Alabama legislature issued a charter for the institution, making it the first state-chartered institution to begin operation in Alabama.

The Rev. Robert Paine was LaGrange’s first president. The North Carolina native was also a professor of moral science and belles letters and taught geography and mineralogy. He was assisted by two other professors. The first board of trustees had 50 members, including a Native American, a Choctaw politician and a Cherokee leader. J. D. Malone, of Limestone County, was the first graduate in 1833.

LaGrange added a grammar school in 1850. Now the University of North Alabama, the institution today offers the only university-owned and operated elementary laboratory school - Kilby Laboratory School - in Alabama.

Among LaGrange’s alumni were several generals as well as Alabama governors John Anthony Winston, Edward A. O’Neal and David P. Lewis, Alabama Supreme Court justice William M. Byrd and U. S. Senator Jeremiah Clemens.

LaGrange graduate Dr. R. H. Rivers, after becoming president of the college, led most of the students and all but one faculty member from LaGrange Mountain in late 1854 to relocate to Florence. The school was reincorporated as Florence Wesleyan University. One hundred sixty students enrolled in 1855, Florence Wesleyan’s first year of operation. The school quickly attracted students from five states and two foreign countries. Among Florence Wesleyan’s graduates were Alabama Governor Emmitt O’Neal and Texas Governor Sullivan “Sul” Ross.

When the Methodist Church deeded Florence Wesleyan to the state of Alabama in 1872, the institution became Florence State Normal School, the first state-supported teachers college south of the Ohio River. Shortly thereafter, in 1873, it became one of the first coeducational institutions in the nation.

Since its foundation in 1830, the institution has had nine name changes, becoming the University of North Alabama in 1974. It has also developed into a comprehensive regional university offering quality educational opportunities in four academic colleges: Arts and Sciences, Business, Education, and Nursing and Allied Health. The University introduced graduate programs in 1957 and today offers graduate degrees through each of its four colleges. The University currently enrolls more than 7,100 students.

Until 1967, the University was controlled by the State Board of Education. Act Number 773, Acts of Alabama 1967, page 1631 appointed a Board of Trustees to govern the institution. The governing control of the University is vested in a Board of Trustees established by action of the State Legislature. The Board is composed of the Governor as president ex officio, the State Superintendent as a member ex officio, and nine members. The chief administrative officer of the University is the President. The University of North Alabama Foundation and Subsidiary (the "Foundation") was organized as a non-profit corporation without capital stock under the laws of the State of Alabama. The organization was formed to provide support for the University.

*Independent Auditor's Report*

## *Independent Auditor's Report*

We have audited the accompanying basic financial statements of the University of North Alabama, a component unit of the State of Alabama, as of and for the year ended September 30, 2009, as listed in the table of contents as Exhibits 1 through 3. These basic financial statements are the responsibility of the University of North Alabama's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the University of North Alabama Foundation and Subsidiary, a component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of North Alabama Foundation and Subsidiary is based on the report of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The financial statements of the University of North Alabama Foundation and Subsidiary were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of North Alabama and the University of North Alabama Foundation and Subsidiary, as of September 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 16, 2010 on our consideration of the University of North Alabama's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

*(Required Supplementary Information)*

## **Management's Discussion and Analysis**

The purpose of this annual report is to provide readers with financial information about the activities and financial condition of the University of North Alabama (University) and its component unit the University of North Alabama Foundation (Foundation). The report consists of three basic financial statements that provide information on the University and two statements providing information on the Foundation.

The University statements presented are the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows. These statements should be read in conjunction with the Notes to the Financial Statements. The Foundation's statements presented are the Statement of Financial Position and Statement of Activities.

The following summary and management discussion of financial information is intended to provide the readers with an overview of the financial statements. The comparative figures for FY 2008 appearing throughout this report are audited figures.

### **Statement of Net Assets**

The Statement of Net Assets includes all assets and liabilities using the accrual basis of accounting. Net assets, the difference between assets and liabilities, is one way to measure the financial health of the University. Net assets decreased 2.1% in the current fiscal year to \$86.7 million.

**Grants and contracts revenue** decreased by 9.2% as a result of a decrease in federal grants and contracts.

**Athletic revenue** increased 27.3%, primarily due to an increase in external athletic fundraising.

**Operating expenses** decreased by \$235,000.

**State appropriations** decreased \$6.6 million, or 18.9% from the previous year.

**Federal grants and contracts** increased \$800,000 due to an increase in revenue from Pell Grants.

**Endowment gifts** reflect revenue to the University endowments. The majority of endowments established for the past decade are held in the UNA Foundation, but small gifts are received in the University from year to year.

**Capital grants, contracts and gifts** for FY 2009 decreased due to a decline in capital projects.

**Investment income** decreased during the fiscal year as a result of a decline in interest rates and unrealized losses in equity funds.

### **Operating Expenses by Functional Classification**

Functional classifications are the traditional categories that universities have used to report annual expenditures. They represent the type of programs and services that the University provides.

Instructional expenditures decreased by \$477,000 from FY 2008 to FY 2009 primarily due to reduced expenditures, as a result of a proration in State funding.

Decreased expenditures for academic support is also a result of reduction in State funding.

Student service, institutional support and operation and maintenance of plant expenditures remained at about the same level as FY 2008.

Depreciation expense remained the same for FY 2009.

Scholarship expenses increased due to additional scholarship awards.

Auxiliary expenditures decreased due to a reclassification of budget accounts from the education and general fund to the auxiliary fund as well as expenditures to address deferred maintenance and increased utilities costs.

Cash receipts from operating activities consist primarily of tuition, grants, contracts, food service, and housing revenues. Cash outlays include payment of wages, benefits, supplies, utilities, and scholarships.

State appropriation is the primary source of non-capital financing. Accounting standards require this source of revenue to be reported as non-operating although the University's budget depends on this funding to continue the current level of operations.

Cash flows from capital and related financing activities consist of capital grants and gifts less expenditures for capital asset construction and purchases.

Net cash inflow for investing activities reflects increased investment income and proceeds from sales of investments.

### **Significant Capital Asset and Debt Activity**

Construction projects conducted and completed during the year included renovations to the East Campus {for the Culinary Arts program}. No new debt was acquired during this reporting period.

### **Economic and Enrollment Factors That Will Affect the Future**

The level of State support, compensation increases, student tuition and fee increases, and energy costs directly affects the University's ability to expand programs, undertake new initiatives, and meet its core mission and ongoing operational needs.

The University has experienced a significant reduction in its appropriation from the State of Alabama. The reduction amounted to approximately \$6.6 million for FY 2009. The University continues to monitor the economic climate of the State as budgeting plans are considered.

The University recorded another record increase in enrollment for Fall 2009 and continues its ongoing effort to attract and retain students.

#### **8. Net Assets**

Net assets are required to be classified for accounting and reporting purposes into the following net asset categories:

- ◆ **Invested in Capital Assets, Net of Related Debt** – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Any significant unspent related debt proceeds at year-end related to capital assets are not included in this calculation.
  
- ◆ **Restricted:**
  - J **Nonexpendable** – Net assets subject to externally imposed stipulations that they be maintained permanently by the University of North Alabama. Such assets include the University of North Alabama’s permanent endowment funds.
  
  - J **Expendable** – Net assets whose use by the University of North Alabama is subject to externally imposed stipulations that can be fulfilled by actions of the University of North Alabama pursuant to those stipulations or that expire by the passage of time. These include funds held in federal loan programs.
  
- ◆ **Unrestricted** – Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or the Board of Trustees.

#### **9. Federal Financial Assistance Programs**

The University participates in various federal programs. Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, the U. S. Office of Management and Budget Revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the Office of Management and Budget (OMB) Compliance Supplement.

#### **10. Scholarship Allowances and Student Aid**

Student tuition and fees are reported net of scholarship allowances and discounts. The amount for scholarship allowances and discounts is the difference between the stated charge for goods and services provided by the University and the amount that is paid by the student and/or third parties making payments on behalf of the student. The University uses the alternate method as prescribed by the National Association of College and University Business Officers (NACUBO) in their Advisory Report 2000-05 to determine the amount of scholarship allowances and discounts.

**Note 2 – Deposits and Investments**

**A. Deposits**

The University's deposits at year-end were held by financial institutions in the State of Alabama's Security for Alabama Funds Enhancement (SAFE) Program. The SAFE Program was established by the Alabama Legislature and is governed by the provisions contained in the *Code of Alabama 1975*, Sections 41-14A-1 through 41-14A-14. Under the SAFE Program all public funds are protected through a collateral pool administered by the Alabama State Treasurer's Office. Under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC). If the securities pledged fail to produce adequate funds, every institution participating in the pool would share the liability for the remaining balance.

The Statement of Net Assets classification "cash and cash equivalents" includes all readily available cash such as petty cash, demand deposits, and certificates of deposits with maturities of three months or less.

**B. Investments**

The University may invest its funds in securities and investments authorized by the *Code of Alabama 1975*, Section 16-13-21656 Tw invesea91025 Tw 11 r2-975

#### Note 5 – Defined Benefit Pension Plan

##### A. Plan Description

The University contributes to the Teachers' Retirement System of Alabama, a cost-sharing multiple-employer public employee retirement system for the various state-supported educational agencies and institutions. This plan is administered by the Retirement Systems of Alabama.

Substantially all employees of the University are members of the Teachers' Retirement System. Membership is mandatory for covered or eligible employees of the University of North Alabama. Benefits vest after 10 years of creditable service. Vested employees may retire with full benefits at age 60 or after 25 years of service. Retirement benefits are calculated by two methods with the retiree receiving payment under the method which yields the highest monthly benefit. The methods are (1) Minimum Guaranteed, or (2) Formula, of which the Formula method usually produces the highest monthly benefit. Under this method retirees are allowed 2.0125% of their average final salary (best three of the last ten years) for each year of service. Disability retirement benefits are calculated in the same manner. Pre-retirement death benefits in the amount of the annual salary for the fiscal year preceding death are provided to plan members.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2009*

---

The Teachers' Retirement System was established as of October 1, 1941, under the provisions of Act Number 419, Acts of Alabama 1939, for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by state-supported educational institutions. The responsibility for general administration and operation of the Teachers' Retirement System is vested in the Board of Control (currently 14 members). Benefit provisions are established by the *Code of Alabama 1975*, Sections 16-25-1 through 16-25-113, as amended, and Sections 36-27B-1 through 36-27B-6, as amended.

The Retirement Systems of Alabama issues a publicly available financial report that includes financial statements and required supplementary information for the Teachers' Retirement System of Alabama. That report may be obtained by writing to The Retirement Systems of Alabama, 135 South Union Street, Montgomery, Alabama 36130-2150.

#### **B. Funding Policy**

Employees, with the exception of full-time law enforcement officers, are required by statute to contribute 5 percent of their salary to the Teachers' Retirement System. As of January 1, 2001, full-time law enforcement officers (as defined by Act Number 2000-669, Acts of Alabama, page 1335) are required by statute to contribute 6 percent of their salary to the Teachers' Retirement System. The University of North Alabama is required to contribute the remaining amounts necessary to fund the actuarially determined contributions to ensure sufficient assets will be available to pay benefits when due. Each year the Teachers' Retirement System recommends to the Legislature the contribution rate for the following fiscal year, with the Legislature setting this rate in the annual appropriation bill. The percentages of the contributions and the amount of contributions made by the University of North Alabama and its employees equal the required contributions for each year as follows:

Fiscal Year Ended September 30,	2009	2008	2007
Total Percentage of Covered Payroll	17.07%	16.75%	14.36%
<b>Contributions:</b>			
Percentage Contributed by the University	12.07%	11.75%	9.36%

**Note 6 – Other Postemployment Benefits (OPEB)**

**A. Plan Description**

The University contributes to the Alabama Retired Education Employees' Health Care Trust (the "Trust"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan. The Trust provides health care benefits to state and local school system retirees and was established in 2007 under the provisions of Act Number 2007-16 as an irrevocable trust fund. Responsibility for general administration and operations of the Trust is vested with the Public Education Employees' Health Insurance Board (PEEHIB) members. The *Code of Alabama 1975*, Section 16-25A-4 provides the PEEHIB with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years. The Trust issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained at the Public Education Employees' Health Insurance Plan website, <http://www.rsa-al.gov/PEEHIP/peehip.html> under the Trust Fund Financials tab.

**B. Funding Policy**

The Public Education Employees' Health Insurance Fund (PEEHIF) was established in 1983 under the provisions of Act Number 255 to provide a uniform plan of health insurance for current and retired employees of state educational

For employees that retire other than for disability, for each year under 25 years of service, the retiree pays two percent of the employer premium and for each year over 25 years of service, the retiree premium is reduced by two percent of the employer premium.

The University is required to contribute at a rate specified by the State for each active employee. The University's share of premiums for retired employees health insurance is included as part of the premium for active employees. The following shows the required contributions in dollars and the percentage of that amount contributed for retirees:

Fiscal Year Ended September 30,	Total Amount Paid Attributable to Retirees	Percentage of Required Amount Contributed
2009	\$1,217,052.00	100%
2008	\$1,136,232.00	100%
2007	\$1,235,936.00	100%

Each year the PEEHIB certifies to the Governor and to the Legislature the contribution rates based on the amount needed to fund coverage for benefits for the following fiscal year and the Legislature sets the premium rate

#### **Bond Issuance Costs and Discounts**

The University has bond issuance costs as well as bond discounts in connection with the issuance of its 1999 and 2003 Revenue Bonds. The issuance costs and bond discount are being amortized using the straight-line method over the life of the bonds.

	Issuance Costs	Discount
Total Issuance Costs and Discount	\$267,252.57	\$432,577.50
Amount Amortized Prior Years	83,684.23	148,834.47
Balance Issuance Costs and Discount	183,568.34	283,746.03
Current Amount Amortized	11,170.70	18,826.18
Balance Issuance Costs and Discount	<u>\$172,397.64</u>	<u>\$264,916.85</u>

#### **Pledged Revenues**

The University has pledged general student tuition and fee revenue to repay the 1999-A General Fee Revenue Bonds. Future revenues of \$14,191,510.71 are pledged to repay principal and interest through maturity in fiscal year 2019. In fiscal year 2009, tuition and fee revenue totaled \$36,820,391, from which \$1,205,159 was paid for principal and interest or 3.3% of pledged revenue.

The University has also pledged net student housing revenues to repay the 2003 Student Housing Revenue Bonds. Future revenues of \$19,069,391.25 are pledged to repay principal and interest through maturity in fiscal year 2035. In fiscal year 2009, net student housing revenue totaled \$873,096 from which \$735,741 was paid for principal and interest, or 84.3% of pledged revenue.

#### **Note 11 – Risk Management**

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The University has insurance for its buildings and contents through the State Insurance Fund (SIF), part of the State of Alabama, Department of Finance; Division of Risk Management which operates as a common risk management and insurance program for state owned properties. The University pays an annual premium based on the amount of coverage requested. The SIF provides coverage up to \$2 million per occurrence and is self-insured up to a maximum of \$6 million in aggregate claims. The SIF purchases commercial insurance for claims which in the aggregate exceed \$6 million. The University purchases commercial insurance for its automobile coverage, general liability, and professional legal liability coverage. In addition, the University has fidelity bonds on the University's president, vice president of business and administrative affairs, controller, financial systems manager as well as on all other university personnel who handle funds.

Employee health insurance for the University of North Alabama is provided through Blue Cross/Blue Shield of Alabama. The plan was established to provide a uniform plan of health insurance for employees of the University. Monthly premiums for employee and dependent coverage are determined annually by the plan's actuary and are based on anticipated claims in the upcoming year, considering any remaining fund balance on hand available for claims. The University contributes a specified amount monthly to the plan for each employee and this amount is applied against the employee's premiums for the coverage selected and the employee pays any remaining premium.

Settled claims resulting from these risks have not exceeded the University's coverage in any of the past three fiscal years.

Claims which occur as a result of employee job-related injuries may be brought before the State of Alabama Board of Adjustment. The Board of Adjustment serves as an arbitrator and its decision is binding. If the Board of Adjustment determines that a claim is valid, it decides the proper amount of compensation (subject to statutory limitations) and the funds are paid by the University.

#### **Note 12 – Endowments**

If a donor has not provided specific instructions, state law permits the Board of Trustees to authorize for expenditure the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the Board of Trustees is required to consider the University's "long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic condition." Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

---

---

***Notes to the Financial Statements***  
***For the Year Ended September 30, 2009***

---

---

The Board of Trustees chooses to spend only a portion of the investment income (including changes in the value of investments) each year. Under the policy established by the Board, 3-6 percent of the average market value of endowment investments at the end of the previous three years has been authorized for expenditure. The remaining amount, if any, is retained to be used in future years when the amount computed using the spending policy exceeds the investment income

**Note 13 – Related Parties**

**University of North Alabama Alumni Association**

The University of North Alabama Alumni Association was created to promote scientific, literary, and educational purposes, advancement of the University of North Alabama, and for the encouragement and support of its students and faculty. This report contains no financial statements of the University of North Alabama Alumni Association.

**NOTE 2 – PLEDGES RECEIVABLE**

As of September 30, 2009 and 2008, the Foundation has pledges receivable totaling \$2,823 and \$86,425, respectively. No allowance has been made for uncollectible amounts. Most pledges receivable are restricted by donors for scholarships or are available for general operating support purposes. All pledges receivable at September 30, 2009 and 2008 are due within one to four years. The total pledges receivable as of September 30, 2009 and September 30, 2008 are permanently restricted. Net pledges receivable were discounted to present value at September 30, 2008 using a discount rate of 4%. The net effect at September 30 is as follows:

	2009	2008
Total Pledge Receivable	\$2,823	\$89,823
Unamortized Discount	-	(3,399)
NET PLEDGES RECEIVABLE	<u>\$2,823</u>	<u>\$86,424</u>

**NOTE 3 – INVESTMENTS**

Investments are reported at their market value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at fair value based upon the most recently reported bid prices. Short-term investments are valued at cost which approximates market. Certain other investments are valued at fair value as determined by the Foundation or its trustee banks.

Realized and unrealized investment gains or losses are determined by comparison of asset cost to net proceeds received at the time of disposal and changes in the difference between market values and cost, respectively. These amounts are reflected in the financial statements as net unrealized and realized gain or loss on investments.

The Foundation has established a common investment fund for its restricted funds which allows for the commingling of various trust assets into the common investment fund. The common investment fund is maintained at one trustee bank in 2008. Investment in the funds is limited only to the trust funds of the Foundation.
